21<sup>st</sup> June 2021

Dear Parent/Carer,

As a school, we are partnering with Fundraise and Recycle Limited - a North East based company who specialise in the recycling of unwanted and unloved clothing for collection and redistribution.

We strongly believe that now more than ever before, young people are interested in recycling and in the effect that wastage has on the planet. We are therefore proud to be supporting the 'School Connect Project'.

The project will seek to engage our school and wider community in the recycling of unwanted clothes, shoes and textiles whilst at the same time raising funds for our school.

We now have a Smart Outdoor Clothing Recycle container placed on our school site (next to the cycle storage area). This is for everyone to make use of in order to dispose of their unwanted clothes, shoes and textiles. All of the good quality clothing received is re-sold, re-used or recycled - helping to lessen the impact of waste on the environment.

Partnering on the School Connect Project is a great way for us to engage pupils and the wider community in this exciting field of recycling and fundraising at the same time. There will also be competitions and prizes from the company along the way.

We hope that you will support this project by donating any of your unwanted items. Please do spread the word too - the container can be used not only by our school but by the local community too. The more donations received, the more money we can raise for school and the greater the impact we will have on the planet.

Thank you in advance for your support,

Miss L. Furness  
Acting Headteacher
